Once again, Malaysian Oncological Society & MCI GeTS India have joined hands to bring top ranked and outstanding abstracts from the American Society of Clinical Oncology Conference, June 2022 to Best of ASCO Malaysia 2022. These two days will be a great opportunity to attend lectures focused on different aspects of clinical oncology, live panel discussions with the experts and latest technologies displayed by world-class pharmaceuticals and medical

companies via digital and extensive exhibition. We are pleased that past two year's conferences were very well received. The topics of your interests were registered, and we aim at incorporating those abstracts along with fresh topics in this edition. As the representatives of the oncology fraternity in Malaysia, we endeavour to bring the best of oncology related science to Malaysia.
